

Metrolink Eccles line rail maintenance works – summer 2016

Colgate Lane, Exchange Quay Phase 1

A major track replacement programme will see the Eccles via MediaCityUK Metrolink line temporarily close from Sunday 26 June. Transport for Greater Manchester has worked with Metrolink's operator and maintainer, MRDL, to time the essential upgrades to coincide with final works at St Peter's Square stop, when fewer people will be travelling due to the summer holiday period.

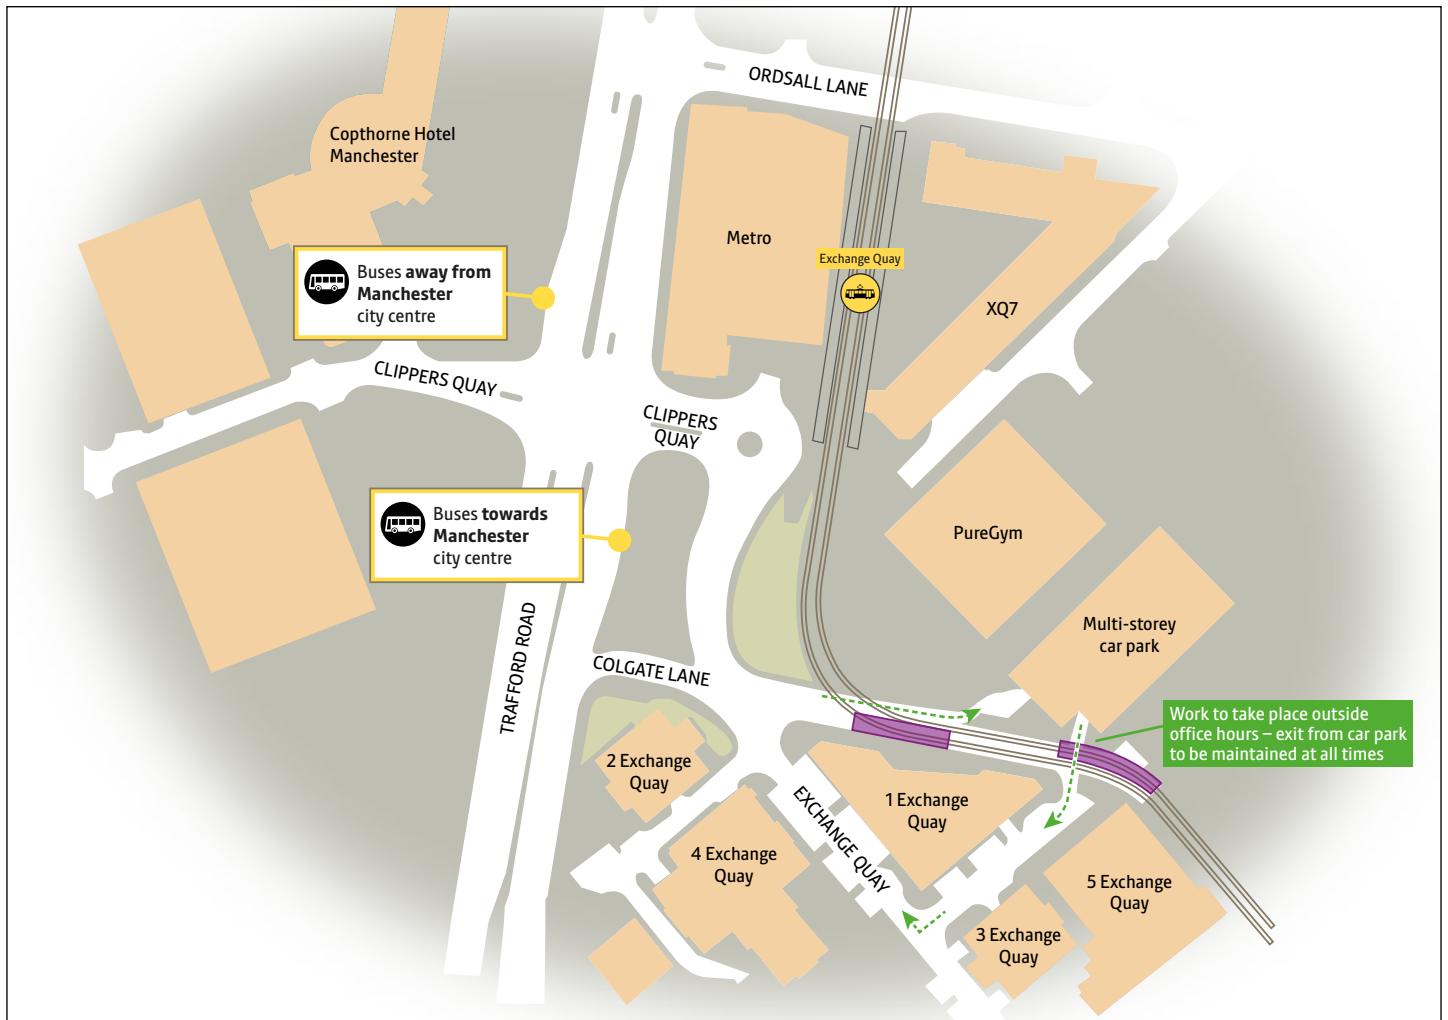

Eccles line services are expected to resume between Deansgate-Castlefield and MediaCityUK in early August, with the full line reopening at the end of August.

On-highway works will take place at Colgate Lane, near Exchange Quay on the approach to the multi-storey car park, from **Monday 27 June for approximately 15 days**.

No lane or road closures are required for these works.

The work at Colgate Lane will be in two phases, with each phase taking approximately seven days (**please note, all dates are subject to change**).

Access will be maintained during the works, including to the multi-storey car park.

	Work site
	Replacement bus service temporary bus stop
	Traffic flow
	Metrolink stop
