

# BEE NETWORK CYCLE HIRE

**Bee Network Cycle Hire** is coming to Manchester, Salford and Trafford, with both pedal and electric bikes available for hire.

# ROLL WITH IT

Bee Network Cycle Hire is affordable, easy to use and enables more people to access bikes, get active and helps Greater Manchester to reduce congestion and tackle air pollution.

The bikes are designed to be safe, fun and easy to ride so more people can get around on two wheels.

Anyone aged 16 or over can hire a bike – simply download our partner Beryl's app and register.

For more info visit our webpage [tfgm.com/cyclehire](https://www.tfgm.com/cyclehire)

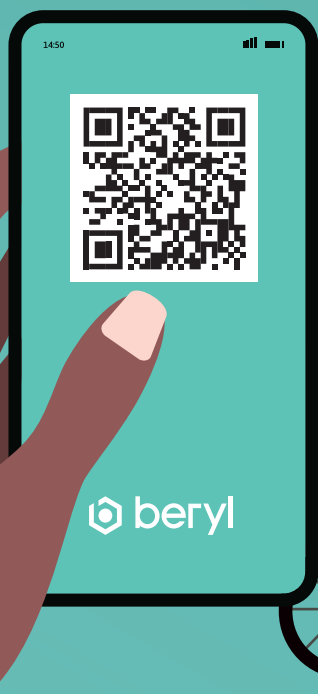

# HOW TO GET GOING:

**Locate & unlock** – using the Beryl mobile app.

**Ride** – have fun and be safe.

**Return** – to any Bee Network Cycle Hire stand. Leave the bike in a stand or nearby if no stands are free.

**Relock** – close the lock to end your ride.

# LOOKING AFTER THE BIKES TOGETHER

We want to have as many bikes as possible ready for people to use. If you spot a bike which has been damaged, is kept on private property or has been left in a place where it shouldn't be, let us know and our local team will go and collect it.

Tell us what's wrong and where you've seen the bike. If possible and safe to do so please get the serial number located near the rear wheel, then contact us by email or by phone and we'll do the rest:
