

Bike Doctor

TfGM's Dr Bike is running a drop-in surgery for your bicycle – and it's free.

The free check-ups will make sure your bike is safe and roadworthy.

Our experts will give your bike a thorough health-check, including brakes, tyres, frame, steering, gears and chain. It's not a full service but we can make small adjustments on the spot, give you an on-the-spot diagnosis for anything that needs a repair.

The check-up takes about 10 minutes. There's no need to book, simply turn up with your bike between 11am and 3pm on Wednesday 13th September next to the MediaCityUK Cycle Hub.

The Dr Bike surgeries are all provided by qualified bike mechanics on behalf of Transport for Greater Manchester.

Find out more about what Transport for Greater Manchester is doing to help cyclists at <http://cycling.tfgm.com/>

The free cycle checks are part of the Transport for Greater Manchester commuter cycle programme and wholly funded by the Department for Transport
