

MediaCityUK welcomes considerate cyclists and pedestrians who follow the Code of Conduct

1. Always give way to pedestrians and wheelchair users - they have priority within MediaCityUK.
2. Slow down when cycling the public realm areas (piazza, footpaths and other public spaces) and in a manner that is considerate to the comfort and safety of others. Pedestrians should use the footpaths provided.
3. When cycling, dismount at the MediaCityUK footbridge (in between BBC Quay and Bridge House and across to the ITV Studios).
4. When it is dark or dull conditions ensure you are visible to others - cyclists should use lights at night.
5. Pedestrians and cyclists should be particularly careful at junctions, bends, entrances onto the paths, or any other 'blind spots' where other users could appear in front of you without warning.
6. Cycle at a speed appropriate to the conditions and ensure you can stop in time. Pedestrians should ensure they are aware of approaching cyclists.
7. Be courteous and patient when space is limited or if you cannot see clearly ahead.
8. Cyclists should signal clearly at all times and use a bell - not all pedestrians can see you.
9. Keep your bike secure and lock it when not in use.
10. Sharing is caring - if you spot any potential safety issues (e.g. failed lighting, unsecured cycles, etc) please contact us on gettinghere@mediacityuk.co.uk
